

# Warrington Logs

## How to use our Waxling firelighters

- 1, Close both vents on your burner.
- 2, Place one Waxling into the centre of your burner.
- 3, Place 15-20 kindling sticks in a pyramid over Waxling.
- 4, Light Waxling, open lower vent fully and leave for 5 mins.
- 5, Using a poker spread the burning kindling over burner, so you have a bed of burning kindling all over base.
- 6, Half close lower vent, open top vent a quarter.
- 7, Add 2 small logs onto burning kindling.
- 8, Your fire should be well under way now, just add logs as and when required.
- 9, Use your top and lower vent to control your fire,

**Always follow manufacturers instructions.**
